

LA TROBE UNIVERSITY

**ARTS, LAW &
EDUCATION**

LA TROBE UNIVERSITY

Studying overseas is one of the most exciting and life-changing experiences you can have. It's a journey that will not only shape your career but help you develop as a global citizen.

As a top 1% university worldwide¹, at La Trobe you'll be joining the ranks of thousands of students and alumni who have gone on to make their impact in Australia and around the world.

Practical, hands-on learning is at the heart of what we do. We work closely with industry to ensure our courses meet the needs of employers and we provide you with state-of-the-art facilities to hone the skills you need for a successful career.

Our strong industry partnerships will provide you with opportunities for placements, internships, and work-integrated learning with some of Australia's top organisations. And you won't be alone – you'll have the full support of the La Trobe community at every step of your academic journey.

I look forward to the impact you'll make, and hope to see you on campus.

Professor Theo Farrell
Vice-Chancellor and President

1. QS Top Universities, 2025; QS World University Rankings 2026; Top global universities; Webometrics, 2025; Webometrics Ranking July 2025

Transport Hub

Get to and from La Trobe by bus, train or tram.

The Agora

The beating heart of our campus where students gather to eat, study, socialise and even see live music, events or cultural festivals.

Bio Innovation Hub

Purpose-built laboratory and office facility supporting the growth of early-stage biotechnology and agritech businesses.

La Trobe Sports Park

Immerse yourself in our high-performance sports facilities, our indoor multi-purpose stadium and FIFA-1 standard football pitch, home to the national Australian women's football team.

Centre for Data Analytics and Cognition

Research centre focusing on the theoretical advancement of artificial intelligence, cognitive computing, data analytics and automation.

LIMS

La Trobe Institute for Molecular Science is a multi-level cutting-edge research and innovation facility, working on some of the world's most critical problems at the interface of health and science.

Net zero campus

As part of our commitment to Net Zero by 2029, we're creating the largest urban solar farm in Victoria, with around 4,300 solar panels generating 5.8 megawatts of renewable energy.

Student accommodation

Range of shared and individual living options, with dedicated security staff and on-campus access to amenities and wellbeing, sports and study facilities.

Research and Innovation Precinct

Digital Innovation Hub – advanced facilities powered by Cisco and Optus, leveraging AI, Internet of Things (IoT), software development, data analytics and networking.

Nangak Tamboree Wildlife Sanctuary

A living laboratory for students, staff and the wider community, created in 1967 as a project to restore native Australian flora and fauna.

GET REAL WITH INDUSTRY

If you want to start a career shaping the minds of society and the next generation, consider an Arts or Education degree.

CAREER READY ADVANTAGE

Sector-leading employability programs and projects to develop skills employers want.

WORK-BASED LEARNING

Test your knowledge in a professional, real-world environment.

INDUSTRY PLACEMENTS

Compulsory and elective professional placements as part of your studies.

TRAINING AN AI-READY WORKFORCE

In partnership with Microsoft and cybersecurity provider CyberCX, La Trobe has a bold new ambition: transform research, education, student support and business operations by applying an AI-first approach.

This nation-leading project will deliver an AI-ready workforce of graduates and academics, built on key principles of safety and responsibility, and an ambitious vision to become a university of choice for students, employers and partners seeking AI-empowered talent.

AI is revolutionising society at great speed and La Trobe is committed to being at the forefront of embracing and implementing these cutting-edge technologies within all study areas, including business, science, health, engineering and IT.

As part of that commitment, La Trobe will be providing opportunities to build expertise and experience in AI and emerging technologies through guest lecturers, industry participation, scholarships and skills programs, cyber careers promotion, funding for digital transformation, industry-recognised certifications and micro-credentials – all leveraging the expertise of partners Microsoft and CyberCX.

LEARNING WITH INDUSTRY

Mentoring, networking, specialist career consultations, workshops, leadership programs and more.

CAREER READY ONLINE AND CAREER HUB

100+ e-learning programs, resume and cover letter feedback, interview practice, job opportunities and more.

SUCCESSFUL GRADUATE

Get trained for the Australian job market before and during your study.

“I chose education at La Trobe because of my passion for being around young, bright individuals, and for teaching them to become the best version of themselves. With the level of support we receive from our teaching staff and the networking opportunities available, I truly believe we’ll all have great teaching careers.”

CAMPUSES

Melbourne (Bundoora)

Our Melbourne Campus is one of Australia's largest metropolitan campuses located in Melbourne's north. The campus is surrounded by lush Australian native flora, with scenic on-campus accommodation and a direct tram to the heart of Melbourne's CBD. You can enjoy walks in our campus parklands or onsite wildlife sanctuary, get fit at our premier sport park and fitness facilities, and organise all your amenities at our on-campus food court, cafés, convenience store, post office, and more.

Bendigo

La Trobe's largest regional campus, Bendigo offers a laid-back lifestyle with a premier university education, world-class facilities and strong industry connections across engineering, health, science, education, business and more. Located just under two hours away from Melbourne by train, it's close to the Bendigo city centre and some of Victoria's greatest natural wonders.

Albury-Wodonga

Our Albury-Wodonga Campus offers a uniquely Australian university experience with a close-knit, supportive campus close to the scenic Murray River. The campus is home to three university research centres, biomedical labs, clinical learning units and facilities, on-campus accommodation options, and more.

Shepparton

Our Shepparton Campus offers small class sizes, high-standard teaching, and unique placement and industry opportunities. Facilities include a clinical learning unit with advanced technologies, modern study areas, and a supportive campus culture tailored to regional students.

Mildura

Our Mildura Campus offers a relaxed lifestyle and cosmopolitan atmosphere, with small class sizes to deliver a more personalised learning experience. The campus fosters strong industry relationships, giving students access to local placements within the community.

Sydney

Located in the centre of Sydney's CBD, the Sydney Campus offers foundation studies and diploma programs, along with a range of undergraduate and postgraduate degrees in the areas of business, information technology, cybersecurity, health, and education.

Melbourne (City)

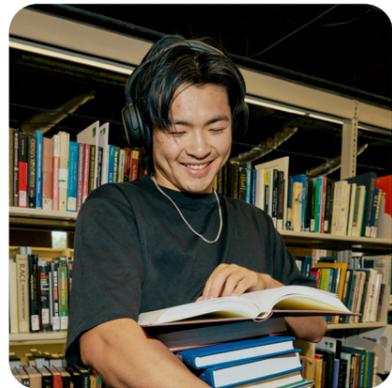

Located in the heart of Melbourne's CBD, the City Campus offers postgraduate courses in health and law with modern learning facilities and easy access to work and internship opportunities, cultural events, restaurants, cafés, sporting events and shopping.

POPULAR COURSES

BACHELOR OF ARTS

Turn what you're passionate about into a rewarding career

Shape your future with one arts major, then explore your interests with secondary majors, minors and electives from across the university.

Balance career goals and your passion with around 50 majors and minors, enabling you to develop skillsets in areas like psychology, public health, marketing, science, and more.

Build real-world experience through industry placements at organisations like the United Nations of Australia, the Asylum Seeker Resource Centre and more.

CAREER PATHS

- Human rights advocate
- Policy analyst
- Historian
- Digital content producer
- Communications adviser
- Teacher¹

BACHELOR OF GLOBAL STUDIES

Develop the tools to tackle challenges facing countries around the world

Examine the history of international relations and geopolitics, contemporary security issues and the emerging challenges of human and environmental security.

Choose majors including International relations, Human rights, Conflict and negotiation, Asian politics and security, and Government and policy.

Broaden your career opportunities by combining global studies with a double degree, or take on an internship in Australia or overseas tailored to your global career goals.

CAREER PATHS

- Foreign affairs
- International trade
- Policy analyst
- Humanitarian support

BACHELOR OF MEDIA AND COMMUNICATION

Meet the demands of a rapidly evolving media landscape

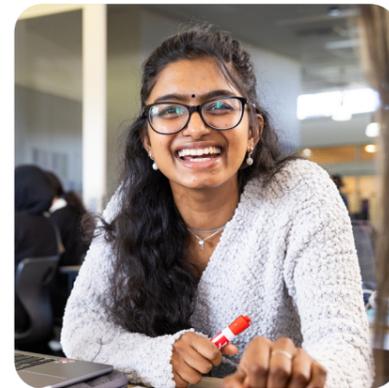

Become a specialist with your first major, then tailor your degree with a choice from hundreds of second majors, minors or electives across La Trobe's diverse disciplines.

Master the tools and channels used to research, create, distribute and promote content to different audiences.

Draw on the expertise of a wide range of experts and media professionals and graduate with a portfolio of work, industry experience and specialised media knowledge.

CAREER PATHS

- Broadcaster or presenter
- Content producer
- Social media manager
- Digital communications strategist
- Journalist
- Media and communications manager
- Media analyst

MASTER OF EDUCATION

Advance your career as a seasoned educator or professional

Study core subjects in educational leadership, psychology, research and digital technologies, each designed to meet the evolving needs of educators and professionals.

Explore the science of language and literacy, and understand how to use data to inform evidence-based practice.

Choose your specialisation – Inclusion and diversity, Language and literacy, or Leadership and management – and graduate with it on your academic transcript.

CAREER PATHS

- School principal
- Inclusive education coordinator
- Learning designer
- Education manager
- Education researcher or analyst

MASTER OF TEACHING (PRIMARY)

Shape the next generation in one of the world's most in-demand professions

Understand how the brain works during learning and the skills to teach English, maths, science, art, humanities and physical education to primary-aged children.

Learn the latest evidence-based teaching techniques and explore innovative pedagogies and learning sciences to create a safe and engaging learning space.

Prepare for classroom teaching with extensive in-school experience and guidance from our highly experienced and dedicated teaching academics.

CAREER PATHS

- Primary schools
- Community organisations
- Non-traditional learning environments

MASTER OF TEACHING (SECONDARY)

Make your impact in the classroom in one of the world's most in-demand professions

Learn how to manage classrooms, design class plans, and develop up to two curriculum specialisations from science, languages, arts, psychology, physical education and more.

Gain access to the most up-to-date curriculum resources, all scaffolded across your degree, giving you the opportunity to build your skills as you become more experienced.

Build extensive real-world teaching experience through industry placements and learning opportunities that take place within schools and the community.

CAREER PATHS

- Secondary schools
- Community organisations
- Non-traditional learning environments

¹ Further study required.

ARTS, LAW & SOCIAL SCIENCES

DEMAND FOR QUALIFICATIONS

92% of the new jobs created in Australia in the next ten years are expected to require a tertiary-level qualification.

Jobs and Skills Australia, 2025, Employment projections for the decade ahead

TRANSFERABLE SKILLS

With technology disrupting and changing the workplace, employers value transferable skills like critical thinking, communication, problem-solving and adaptability.

HUMAN CENTERED SKILLS

As automation and AI is adopted across organisations, human skills like creativity, emotional intelligence, and empathy will be increasingly prioritised.

HOW TO APPLY

STEPS TO APPLY

STEP 1

Find a degree

Use our course search tool to explore our range of undergraduate, postgraduate and research courses to find the right degree for you.

STEP 2

Begin applying

As an international student, you can apply through an authorised La Trobe agent or directly via our online form.

STEP 3

Check all entry requirements

You will find essential entry requirements for your course in this guide and the full list of requirements on the course page on our website.

STEP 4

Collect academic and identity documents

When lodging your application with La Trobe, you will need to provide a range of academic, financial and identity documents.

STEP 5

Submit your application

Download our application checklist before submission. Verify that you have met all admission criteria, then submit.

Take the next step.
Start your La Trobe application now.

ENTRY REQUIREMENTS

At La Trobe, we have minimum academic and language requirements for undergraduate, postgraduate and graduate research study.

Undergraduate

At a minimum, you need to have completed Australian Year 12 (or an accepted international equivalent) with a certain grade. You may also need to meet subject prerequisites.

Postgraduate coursework

You need to have completed an Australian Bachelor's degree (or international equivalent) with certain grades. For some degrees, we may consider prior learning through work experience or professional accreditation. Some courses may have additional entry requirements.

Higher degrees by research

We offer three types of graduate research degrees, depending on your goals, and educational and professional backgrounds. To find out the entry requirements, visit: latrobe.edu.au/study/apply/research

English language requirements

IELTS scores are our primary measure of English proficiency. However, we may accept tests other than IELTS if your overall score is the equivalent of the required IELTS score. Once you know your course's minimum accepted IELTS score, check that score against the information on our website to see its equivalent score in other English proficiency tests.

Don't meet all entry requirements?
Explore pathway options to your dream course at La Trobe.

LA TROBE INTERNATIONAL SCHOLARSHIPS

Our scholarships are designed to provide the support you need while you study in Australia.

We have scholarships available for all levels of study, whether you're pursuing undergraduate, postgraduate coursework or postgraduate research.

Our scholarship offerings reduce the stress of international study, recognise your achievements and reward your commitment to your future.

"La Trobe University offers a great deal of support to students, both academically and professionally. The school also has many scholarships to choose from, most are automatic, meaning you will automatically be considered for a scholarship."

Alex
Master of Data Science
